Report

2022 National Ready Mixed Concrete Association Excellence in Safety Awards

Ken Waegerle, Chandler Concrete; Safety Task Group Chairman

Pat Mingucci, Farmer Companies; Safety Task Group Vice Chairman

Mike Brekken, Cemstone Products Inc.; Safety, Environmental and Operations Committee Chairman

Will Ho, Holliday Rock; Safety, Environmental and Operations Committee Vice Chairman

Richard Umbel, CRH, Midwest; SEO Executive Committee Liaison

Kevin Walgenbach, National Ready Mixed Concrete Association; Sr. VP, Compliance and Regulatory Affairs

Gary M. Mullings, National Ready Mixed Concrete Association; Executive VP, Operations and Compliance

The National Ready Mixed Concrete Association (NRMCA) Think First Safety Contest has for many years been a safety performance and incentive/award program aimed to foster safe practices at ready mixed concrete plants across the nation and recognize those plants who have great safety records. The NRMCA Safety Task Group has responsibility for the “Excellence in Safety Awards Program”. It is a 3-tier system, basing the winning facilities from the latest OSHA / Bureau of Labor Statistics (BLS) Incident Rate available for the ready mixed concrete industry. Only those plants with an incident rate below the national average receive awards. The latest BLS data (as of November 2021) shows the ready mixed concrete industry with an incident rate of 3.9. The 3-tiers of “Excellence in Safety Awards” are broken down into Gold, Silver and Bronze:

- Gold – Incident rate equal to zero
- Silver – Incident rate greater than zero and equal to or less than 1.45 (1/2 the industry average)
- Bronze – Incident rate greater than 1.45 and less than 3.90

Incident rates are calculated from individual plant's OSHA's 300A Log. The *Incident Rate* is equal to the sum of the *Lost Day Injuries/Illnesses, Restricted Duty Day Injuries/Illnesses* and *Other Recordable Cases* multiplied by 200,000 and then divided by the *Number of Employee Hours Worked at the Plant*.

Analyses and Trends

Since the safety contest began in 1996 more than 27,000 plants have entered, and many of these entered the contest every year. Total cubic yards continue to be measured, with 93,363,595 reported by participating companies this year (2021 data). There were 311 lost-time accidents reported by companies in the 2021 contest, and there were 236 DOT-reportable mixer-truck accidents. For a complete analysis please see the 2022 NRMCA Safety Benchmarking Report at www.nrmca.org.

<i>Data from year</i>	# Plants entered	Total cubic yards	Average cy/plant*	# Lost time accidents	# Mixer truck accidents	Average lost time & Truck accidents/plant	Certificates awarded
1996	638	41,747,453	65,435	417	146	0.88	387
1997	812	51,282,030	63,155	448	121	0.70	543
1998	1208	79,141,874	65,515	691	294	0.81	775
1999	1148	67,946,386	59,187	585	226	0.71	752
2000	1379	84,422,186	61,487	560	192	0.69	936
2001	1083	64,447,794	59,509	444	177	0.69	741
2002	1181	70,116,360	59,370	453	255	0.60	786
2003	689	42,226,751	61,287	179	105	0.41	509
2004	933	59,235,567	63,489	285	181	0.50	683
2005	1123	81,403,601	72,488	285	290	0.51	832
2006	1234	84,017,880	68,086	294	291	0.47	921
2007	1185	66,014,915	55,862	368	133	0.42	884
2008	1138	54,032,574	47,480	255	87	0.30	834
2009	1219	42,076,766	34,292	171	89	0.21	921
2010	879	27,687,384	31,499	155	65	0.25	603
2011	1153	37,752,119	33,439	191	113	0.26	876
2012	1312	47,021,415	37,378	200	100	0.23	956
2013	1119	42,318,185	40,574	189	103	0.26	743
2014	1,051	46,696,913	45,078	271	116	0.36	686
2015	1,098	50,323,349	47,430	205	107	0.28	794
2016	842	33,368,269	44,275	212	113	0.39	561
2017	981	48,303,663	51,115	194	134	0.33	672
2018	741	40,477,684	55,147	140	136	0.37	492
2019	1,452	72,009,689	49,593	332	208	0.37	975
2020	1,675	86,180,588	51,451	272	239	0.31	1,217
2021	1,775	93,363,595	52,599	311	236	0.31	1,241

*Some plants did not report yardage

NRMCA's Safety Contest is a per-plant contest open to all concrete batching facilities operated by NRMCA member companies. All company safety performance information is kept confidential. The 2022 program began accepting submissions for the Safety Contest on January 15, 2022. The deadline for submitting the plant specific information was April 15, 2022. NRMCA member companies were urged to submit data for all plants and not to pick just better performing facilities.

Over the past few years, the program has grown to become NRMCA's most popular award recognition program. The NRMCA Think First Safety Contest and NRMCA Safety Benchmarking Program entry forms were combined and computerized to enhance both programs. The data are analyzed and used to establish industry benchmarks for safe operations. The 2022 NRMCA Think First Safety Contest received 1,775 individual plant entries, which is the highest number of plants to enter the contest in a single year. All entries included safety records from calendar year 2021. NRMCA has estimated that there are currently 7,500 plants in the United States. The largest category for honored plants was *Gold* with 1,179 Excellence in Safety Awards. The *Silver* category had 6 Excellence in Safety Awards. The *Bronze* category had 56 awards. The total number of plants receiving "Excellence in Safety" awards in 2022 is 1,241, which is an all-time-high for the program. Please see the following pages in this report for a complete list of the 2022 NRMCA Think First Safety Contest winners. The honored plants are listed in alphabetical order by company name.

The authors would like to congratulate the 1,241 winners of the "Excellence in Safety Award" for 2022 who all had plant incident rates lower than the national average. Finally, to all the plants that entered the contest, it is due to the efforts of all who have voluntarily shared their safety records, that the industry will continue to keep safety an utmost priority and will continue to strive to improve safety records through the benchmarking data this contest provides.
